MATERIALS

Top Terrazzo (composite of various materials including marble, quartz, granite and glass)
Legs Solid acacia wood

PRODUCT CARE

Suitable for indoor & outdoor undercover. Extreme conditions will affect the table so consider this in its placement and keep out of direct sunlight.

Denison is sealed and treated to protect against everyday use however it is important that spills and liquids are cleaned immediately. Do not use acidic cleaners or bleach as they can permanently mark the surface. Papaya recommends that the surface always be protected, for example with trivets and on placemats.

PROTECTION

For general maintenance use a damp cloth and mild soap for periodic cleaning. Incorrect application of sealers and/or cleaners or allowing insufficient drying time voids the warranty.

some assembly required

Sure Seal grout and tile sealer protects against water and oil based staining, but always wipe spills immediately. Sure Seal also provides some protection against day-to-day scratches and resists UV degradation. See also, Sure Seal timber sealer for the legs.
