PRODUCT CARE

Suitable for indoor & outdoor undercover. Extreme conditions will affect the table so consider this in its placement and keep out of direct sunlight and away from the elements. Danda is sealed and treated to protect against everyday use however it is important that spills and liquids are cleaned immediately. Do not use acidic cleaners or bleach as they can permanently mark the surface.

PREVENTATIVE CARE

For general maintenance use a damp cloth and mild soap for periodic cleaning. Apply Sure Seal Grout and tile Sealer to prevent water and oil based staining. Incorrect application of sealers and/or cleaners or allowing insufficient drying time voids the warranty.

Sure Seal (Grout and Tile) sealer adds some protection to the surface of Danda against water and oil based staining - follow instructions on the can. Spills should always be wiped up immediately.
