PRODUCT CARE

Suitable for indoor use only.

PIVOT is sealed and treated to provide limited protection in everyday use, however it is important to care for your furniture appropriately to give it the longest possible lifespan.

PREVENTATIVE CARE

We recommend protecting the surface with placemats and trivets to avoid spills leaving permanent marks. Should spills occur, wipe immediately with a damp cloth and mild soap - do not use acid/bleach-based cleaners. Do not place near heating sources or in highly air-conditioned spaces. To remove stubborn dirt, use a mild soap diluted with water and gently wipe away streaks with a dry cloth.
