MATERIALS

Top
Base

Solid oak sealed with a matte polyurethane finish
Fibre-reinforced concrete

PRODUCT CARE

These tables are sealed and treated to provide protection against everyday use however it is important that spills and liquids are cleaned immediately. Do not use acidic cleaners or bleach as they can permanently mark the surface. Care should be taken to avoid scratching the surface. Papaya recommends that the surface always be protected, for example with trivets and on placemats.

Suitable for indoor use only. Extreme conditions will affect the table so consider this in its placement and keep out of direct sunlight.

PROTECTION

For general maintenance use a damp cloth and mild soap for periodic cleaning. A colourless paraffin wax should be applied every six months to maintain the surface.
