180x24xH45cm

## MATERIALS

Top & Legs

Reclaimed teak wood

## PRODUCT CARE

The Heritage collection is made from reclaimed teak wood. The raw, natural finish allows the individual character of the reclaimed timber to be retained. Timber knots, uneven grain, cracks and colour variations are not considered a fault but add to the unique quality of each piece.

It is important that spills and liquids are cleaned immediately. Do not use acidic cleaners or bleach as they can permanently mark the surface. Care should be taken to avoid scratching the surface. Papaya recommends that the surface always be protected, for example with trivets and placemats.

Suitable for indoor use only. Extreme conditions will affect the table so consider this in its placement and keep out of direct sunlight.

## PROTECTION

Treating with teak oil is a personal preference but is purely cosmetic and will not extend the life of your furniture. A colourless paraffin wax can be applied periodically if required.

*some assembly required*
